A Bid submitted with an adjustable price quotation will be treated as non-responsive and shall be rejected, pursuant to ITB Clause 28. If, however, in accordance with the **Bid Data Sheet**, prices quoted by the Bidder shall be subject to adjustment during the performance of the contract, a Bid submitted with a fixed price quotation will not be rejected, but the price adjustment would be treated as zero.

15.9 If so indicated in the Invitation for Bids and Instructions to Bidders, that Bids are being invited for individual contracts (Lots) or for any combination of contracts (packages), Bidders wishing to offer any price reduction for the award of more than one contract shall specify in their Bid the price reductions applicable to each package, or alternatively, to individual contracts within a package.

under ITB Clause 24.

- 21.4 If all envelopes are not sealed and marked as required by sub-Clause 21.2, the Procuring Entity will assume no responsibility for the misplacement or premature opening of Bid.
- 21.5 If the outer envelope discloses the Bidder's identity, the Procuring Entity will not guarantee the anonymity of the Bid submission, but this shall not constitute grounds for rejection of the Bid.

- 24.5 No Bid may be withdrawn, replaced or modified in the interval between the deadline for submission of Bids and the expiration of the period of Bid validity specified by the Bidder on the Form of Bid. ## **E. Opening and Evaluation of Bids**

- 25. **Opening of Bids**
  - 25.1 The Procuring Entity will open all Bids including modifications, substitutions or withdrawal notices made pursuant to ITB Clause 24, in public, in the presence of Bidders’ or their representatives who choose to attend, and other parties with a legitimate interest in the bid proceedings at the place, on the date and at the time, specified in the **Bid Data Sheet**. If the withdrawal envelope does not contain a copy of the “**Power of Attorney**” confirming the signature as a person duly authorized to sign on behalf of the Bidder, the corresponding Bid will be opened. Subsequently, all envelopes marked

"MODIFICATION" shall be opened and the submissions therein read out in appropriate detail. Thereafter all envelopes marked "SUBSTITUTION" shall be opened and the submissions therein read out in appropriate detail.

- 25.3 All other envelopes shall be opened one at a time. The Bidders names, the bid prices, the total amount of each bid and of any alternative bid (if alternatives have been requested or permitted), any discounts, the presence or absence of bid security, Bid Securing Declaration and such other details as the appropriate bid board may consider appropriate, will be announced by the secretary of the Bid Board or his delegate at the opening.
- 25.4 Bids or modifications that are not opened and not read out at the bid opening shall not be considered further for evaluation, irrespective of the circumstances. In particular, any discount offered by a Bidder which is not read out at bid opening shall not be considered further.
- 25.5 Bidders are advised to send in a representative with the knowledge of the content of the bid who shall verify the information read out from the submitted documents. Failure to send a representative or to point out any un-read information by the sent Bidder's representative shall indemnify the Procuring Entity against any claim or failure to read out the correct information contained in the Bidders bid.

the contents and affect the record. A copy of the record shall be distributed to all the Bidders.

25.9 A copy of the minutes of the bid opening shall be furnished to individual Bidders upon request.

**26. Confidentiality**

26.1 Information relating to the examination, clarification, evaluation and comparison of Bids and recommendation of contract award shall not be disclosed to Bidders or any other persons not officially concerned with such process until the award to the successful Bidder has been announced.

26.2 Any effort by a Bidder to influence the Procuring Entity processing of Bids or award decisions may result in the rejection of its Bid.

26.3 Notwithstanding sub-Clause 26.2 from the time of Bid opening to the time of contract award, if any Bidder wishes to contact the Procuring Entity on any matter related to the Bidding process, it should do so in writing.

**27. Clarification of Bids**

27.1 To assist in the examination, evaluation and comparison of bids and post-qualification of the Bidders, the Procuring Entity may, at its discretion, ask any Bidder for a clarification of its Bid including breakdown of prices. Any clarification submitted by a Bidder that is not in response to a request by the Procuring Entity shall not be considered.

27.2 The request for clarification and the response shall be in writing. No change in the prices or substance of the Bid shall be sought, offered, or permitted except to confirm the correction of arithmetic errors discovered by the Procuring Entity in the evaluation of Bids in accordance with ITB Clause 30.

27.3 From the time of bid opening to the time of Contract award if any Bidder wishes to contact the Procuring Entity on any matter related to the bid it should do so in writing.

**28. Preliminary Examination of Bids**

28.1 Prior to the detailed evaluation of bids, the Procuring Entity will determine whether each bid:

- a) meets the eligibility criteria defined in ITB

Clause 3 and Clause 4;

- b) has been properly signed;
- c) is accompanied by the required securities;  
and
- d) is substantially responsive to the requirements of the bidding documents.

The Procuring Entity's determination of a bid's responsiveness will be based on the contents of the bid itself.

28.2 A substantially responsive bid is one which conforms to all the terms, conditions, and specifications of the bidding documents, without material deviation or reservation. A material deviation or reservation is one that:-

- a) affects in any substantial way the scope, quality, or performance of the Services;
- b) limits in any substantial way, inconsistent with the bidding documents, the Procuring Entity's rights or the Bidders obligations under the Contract; or
- c) if rectified, would affect unfairly the competitive position of other Bidders presenting substantially responsive bids.

28.3 The Procuring Entity will confirm that the documents and information specified under ITB Clause 11, ITB Clause 12 and ITB Clause 13 have been provided in the Bid. If any of these documents or information is missing, or is not provided in accordance with the Instructions to Bidders, the Bid shall be rejected.

28.4 The Procuring Entity may waive any minor informality, nonconformity, or irregularity in a Bid which does not constitute a material deviation, provided such waiver does not prejudice or affect the relative ranking of any Bidder.

28.5 If a Bid is not substantially responsive, it will be rejected by the Procuring Entity and may not subsequently be made responsive by the Bidder by

correction of the nonconformity.

- 29. Examination of Terms and Conditions; Technical Evaluation**
- 29.1 The Procuring Entity shall examine the bid to confirm that all terms and conditions specified in the General Conditions of Contract and the Special Conditions of Contract have been accepted by the bidder without any material deviation or reservation.
- 29.2 The Procuring Entity shall evaluate the technical aspects of the Bid submitted in accordance with ITB Clause 12, to confirm that all requirements specified in Section VI – Schedule of Requirements of the Bidding documents and Section VII – Technical Specifications have been met without material deviation or reservation.
- 29.3 If after the examination of the terms and conditions and the technical evaluation, the Procuring Entity determines that the Bid is not substantially responsive in accordance with ITB Clause 28, it shall reject the Bid.
- 30. Correction of Errors**
- 30.1 Bids determined to be substantially responsive will be checked for any arithmetic errors. Errors will be corrected as follows:-
- a) if there is a discrepancy between unit prices and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail, and the total price shall be corrected, unless in the opinion of the Procuring Entity there is an obvious misplacement of the decimal point in the unit price, in which the total price as quoted shall govern and the unit price shall be corrected;
  - b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
  - c) where there is a discrepancy between the amounts in figures and in words, the amount in words will govern.
- 30.2 The amount stated in the bid will, be adjusted by the Procuring Entity in accordance with the above procedure for the correction of errors and, with, the concurrence of the Bidder, shall be considered as

binding upon the Bidder. If the Bidder does not accept the corrected amount, its Bid will then be rejected, and the bid security may be forfeited or the bid securing declaration may be executed in accordance with sub-Clause 18.9.

31. **Conversion to Single Currency** 31.1 To facilitate evaluation and comparison, the Procuring Entity will convert all Bid prices expressed in the amounts in various currencies in which the Bid prices are payable to either:
- a) in Tanzania Shillings at the selling exchange rate established for similar transactions by the Bank of Tanzania or a commercial bank in the United Republic of Tanzania;
  - or**
  - b) a currency widely used in international trade, such as U.S. Dollars, at the selling rate of exchange published in the international press for the amount payable in foreign currency; and at the selling exchange rate established for similar transactions by the Bank of Tanzania in the United Republic of Tanzania for the amount payable in Tanzania Shillings.
- 31.2 The currency selected for converting Bid prices to a common base for the purpose of evaluation, along with the source and date of the exchange rate, are specified in the **Bid Data Sheet**.
32. **Commercial Evaluation of Bids** 32.1 The Procuring Entity shall evaluate and compare only the Bids determined to be substantially responsive, pursuant to ITB Clause 28.
- 32.2 The Procuring Entity's evaluation of a Bid will exclude and not take into account:
- a) in the case of goods manufactured in the United Republic of Tanzania or goods of foreign origin already located in the United Republic of Tanzania, sales and other similar taxes, which will be payable on the goods if a contract is awarded to the Bidder;
  - b) in the case of goods of foreign origin offered from abroad, customs duties and other similar import taxes which will be payable on the goods if the contract is awarded to the Bidder; and

- c) any allowance for price adjustment during the period of execution of the contract, if provided in the Bid.

32.3 The comparison shall be between the EXW price of the goods offered from within the United Republic of Tanzania, such price to include all costs, as well as duties and taxes paid or payable on components and raw material incorporated or to be incorporated in the goods, and the CIF named port of destination (or CIP border point, or CIP named place of destination) price of the goods offered from outside the United Republic of Tanzania.

32.4 In evaluating the bids, the evaluation committee will, in addition to the Bid price quoted in accordance with sub-Clause 15.1, take account of one or more of the following factors as specified in the **Bid Data Sheet**, and quantified in sub-Clause 32.5:

- a) Cost of inland transportation, insurance, and other costs within the United Republic of Tanzania incidental to delivery of the goods to their final destination.
- b) delivery schedule offered in the Bid;
- c) deviations in payment schedule from that specified in the Special Conditions of Contract;
- d) the cost of components, mandatory spare parts, and service;
- e) the availability in the United Republic of Tanzania of spare parts and after-sales services for the equipment offered in the Bid;
- f) the projected operating and maintenance costs during the life of the equipment;
- g) the performance and productivity of the equipment offered; and/or
- h) other specific criteria indicated in the **Bid Data Sheet** and/or in the Technical Specifications.

32.5 For factors retained in the **Bid Data Sheet** pursuant to

sub-Clause 32.4, one or more of the following quantification methods will be applied, as detailed in the **Bid Data Sheet**:

- a) *Inland transportation from EXW/port of entry/border point, Insurance and incidentals.*

Inland transportation, insurance, and other incidental costs for delivery of the goods from EXW/port of entry/border point to Project Site named in the **Bid Data Sheet** will be computed for each Bid by the Purchaser on the basis of published tariffs by the rail or road transport agencies, insurance companies, and/or other appropriate sources. To facilitate such computation, Bidder shall furnish in its Bid the estimated dimensions and shipping weight and the approximate EXW/CIF (or CIP border point) value of each package. The above cost will be added by the Purchaser to EXW/CIF/CIP border point price.

- b) *Delivery schedule.*
- i) The Procuring Entity requires that the goods under the Invitation for Bids shall be delivered (shipped) at the time specified in the Schedule of Requirements. The estimated time of arrival of the goods at the Project Site will be calculated for each Bid after allowing for reasonable international and inland transportation time. Treating the Bid resulting in such time of arrival as the base, a delivery “adjustment” will be calculated for other Bids by applying a percentage, specified in the **Bid Data Sheet**, of the EXW/CIF/CIP price for each week of delay beyond the base, and this will be added to the Bid price for evaluation. No credit shall be given to early delivery.
- or**
- ii) The goods covered under this invitation are required to be delivered (shipped) within an acceptable range of weeks specified in the Schedule of Requirement. **No credit will be given to earlier deliveries, and Bids offering delivery beyond this range will be treated as non-responsive.** Within this acceptable range, an adjustment per week, as specified in the **Bid Data Sheet**, will be added for evaluation to the Bid price of Bids offering deliveries later than the earliest delivery period specified in the Schedule of Requirements.
- or**
- (iii) The goods covered under this invitation are required to be delivered (shipped) in partial shipments, as specified in the Schedule of Requirements. Bids offering deliveries earlier or later than the specified deliveries will be adjusted in the evaluation by adding to the Bid price a factor equal to a percentage, specified in the **Bid Data Sheet**, of EXW/CIF/CIP price per week of variation from the specified delivery schedule.

- c) *Deviation in payment schedule.*
- i) Bidders shall state their Bid price for the payment schedule outlined in the SCC. Bids will be evaluated on the basis of this base price. Bidders are, however, permitted to state an alternative payment schedule and indicate the reduction in Bid price they wish to offer for such alternative payment schedule. The Procuring Entity may consider the alternative payment schedule offered by the selected Bidder.

**or**

- ii) The SCC stipulate the payment schedule offered by the Procuring Entity. If a Bid deviates from the schedule and if such deviation is considered acceptable to the Procuring Entity, the Bid will be evaluated by calculating interest earned for any earlier payments involved in the terms outlined in the Bid as compared with those stipulated in this invitation, at the rate per annum specified in the **Bid Data Sheet**.

d) *Cost of spare parts*

- i) The list of items and quantities of major assemblies, components, and selected spare parts, likely to be required during the initial period of operation specified in the **Bid Data Sheet**, is annexed to the Technical Specifications. The total cost of these items, at the unit prices quoted in each Bid, will be added to the Bid price.

**or**

- ii) The Procuring Entity will draw up a list of high-usage and high-value items of components and spare parts, along with estimated quantities of usage in the initial period of operation specified in the **Bid Data Sheet**. The total cost of these items and quantities will be computed from spare parts unit prices submitted by the Bidder and added to the Bid price.

**or**

iii) The Procuring Entity will estimate the cost of spare parts usage in the initial period of operation specified in the **Bid Data Sheet**, based on information furnished by each Bidder, as well as on past experience of the Procuring entity or other purchasers in similar situations. Such costs shall be added to the Bid price for evaluation.

e) *Spare parts and after sales service facilities in Tanzania*

The cost to the Purchaser of establishing the minimum service facilities and parts inventories, as outlined in the **Bid Data Sheet** or elsewhere in the bidding documents, if quoted separately, shall be added to the bid price.

f) *Operating and maintenance costs*

Since the operating and maintenance costs of the goods under procurement form a major part of the life cycle cost of the equipment, these costs will be evaluated in accordance with the criteria specified in the **Bid Data Sheet** or in the Technical Specifications.

g) *Performance and productivity of the equipment.*

(i) Bidders shall state the guaranteed performance or efficiency in response to the Technical Specification. For each drop in the performance or efficiency below the norm of 100, an adjustment for an amount specified in the **Bid Data Sheet** will be added to the Bid price, representing the capitalized cost of additional operating costs over the life of the plant, using the methodology specified in the **Bid Data Sheet** or in the Technical Specifications.

**or**

(ii) Goods offered shall have a minimum productivity specified under the relevant provision in the Technical Specifications to be considered responsive. Evaluation shall be based on the cost per unit of the actual productivity of goods offered in the Bid, and adjustment will be added to the Bid price

using the methodology specified in the **Bid Data Sheet** or in the Technical Specifications.

(h) *Specific additional criteria.*

Other specific additional criteria to be considered in the evaluation and the evaluation method shall be detailed in the Bid Data Sheet and/or the Technical Specifications.

32.6 If these Bidding documents allow Bidders to quote separate prices for different Lots, and the award to a single Bidder of multiple Lots, the methodology of evaluation to determine the lowest evaluated Lot combinations, including any discounts offered in the Form of Bid, is specified in the **Bid Data Sheet**.

**33. National Preference**

33.1 If the **Bid Data Sheet** so specifies, the Procuring Entity will grant a margin of preference to goods manufactured in the United Republic of Tanzania for the purpose of Bid comparison, in accordance with the procedures outlined in subsequent paragraphs, provided the Bidder shall have established to the satisfaction of the Procuring Entity that its Bid complies with the criteria specified in sub-Clause 13.3.

33.2 The Procuring Entity will first review the Bids to confirm the appropriateness of, and to modify as necessary, the Bid group classification to which Bidders assigned their Bids in preparing their Forms of Bid and Price Schedules, pursuant to ITB Clauses 14 and 15.

33.3 For the purpose of granting a margin of domestic preference, Bids will be classified in one of three groups, as follows:

**a) Group A:** Bids offering goods manufactured, grown, mined or extracted within the United Republic of Tanzania, for which:

(i) labor, raw materials, and components from the United Republic of Tanzania account for more than thirty (30) percent of the EXW price of the goods offered; and

(ii) the production facility in which they will be manufactured, assembled or processed has been engaged in manufacturing, assembling or

processing such goods at least since the time of Bid submission.

b) **Group B:** All other Bids offering goods from within the United Republic of Tanzania.

c) **Group C:** Bids offering goods from overseas which are to be directly imported.

33.4 All evaluated Bids in each group will then be compared among themselves to determine the lowest evaluated Bid of each group. The lowest evaluated Bid of each group will next be compared with the lowest evaluated Bids of the other groups. If this comparison results in a Bid from Group A or Group B being the lowest, it will be selected for contract award.
